Update on Recent Equity Offering

As previously announced by the Company on November 24, 2021, Southern recently completed an equity financing raising combined gross proceeds of US\$10.1 million. Both the prospectus offering that took place in Canada (the “**Canadian Offering**”), and the private placement that took place in the U.K. (the “**UK Placing**”) involved the assistance of agents. The aggregate compensation paid to agents in connection with the Canadian Offering and the UK Placing was equal to C\$324,504.00 and £106,532.35, respectively.

Due to the participation of certain directors, officers and other insiders of Southern, who are related parties of the Company pursuant to Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“**MI 61-101**”), the UK Placing constitutes a “related party transaction” within the meaning of MI 61-101. However, Southern has determined that the UK Placing is exempt from the formal valuation and minority approval requirements of MI 61-101 on the basis that the fair market value of the UK Placing to related parties did not exceed 25% of the market capitalization for the Company, in accordance with Sections 5.5 and 5.7 of MI 61-101.
